WOMEN POWER 2019

UNLEASH THE POWER WITHIN YOU!

Date: 11th May 2019
Venue: Mumbai

According to a [Global Report on Women and Entrepreneurship](#) there are still less female entrepreneurs than their male counterparts. In most economies around the world, there are fewer women than men starting and running new businesses, but there are even fewer running mature ones.

The daylong Conference aims to understand the day to day problems faced by women who are looking forward to a career as a successful entrepreneur. Even though it has been predicted that there would be a higher number of women entrepreneurs than men by 2020 around the world, the hard truth presents itself in the form of challenges, some of which is the lack of support from family and less investor funding, to name a few. In today's day, women have proved that they can succeed in everything as men have. But there are still some social issues that have kept them on the back foot when it comes to starting their businesses. Work-life balance and expectation to succeed at everything adds an extra pressure to the woman who just wants to be self-sufficient.

The objective this year again is to decode a few of these at the “Women Power 2019” forum and seeing today's womaniya and her journey as a thought leader. Around 200+ women entrepreneurs from across domains will be participating this year.

Women Power 2019 brings together Women Led Startups, Women Co-founded startups / entrepreneurs, Mentors, Investors and thought leaders from all walks of life to share their enriching journey & experience at this platform.

“

Don't be
a woman
who fell.
be the woman
who got
back up.

-Shweta Shalini

”
