

Start Up Vertical

IBG is setting up a START UPS vertical as part of its business assistance to Members. This vertical will have Investors and Start Ups, on a common platform. We expect minimum 500 Start Ups Members and 50 Angel Investors to come into this vertical within 6 months. We are all aware of the extreme interest from all stake holders in the Start Up Ecosystem developing in India. Entrepreneurs, Investors and Angel Funds, Central and State Governments, etc. This is expected to become a key driving force to the Indian economy within one-to-two years. There is a huge overseas investor interest in this Indian Start Ups environment. IBG plans to invite member interest from the Silicon Valley and Israel. We have received interest from other countries like Singapore, Mauritius etc. too.

IBG proposes the following activities as of now (more will be added as we progress):

1. Regular Entrepreneur – Investor interaction.
2. Networking events between Entrepreneurs & Investors so as to foster informal interaction and free flow of ideas and "get to know each other" evenings.
3. Formal sessions for Entrepreneurs where we will bring Speakers relevant to Start Ups. These can range from Government Authorities, Tax Consultants, Accounts & Finance Professional, etc etc.
4. IBG aims to become a one-stop shop, so to say, to the growth of the Start Up scene in India. An Interactive portal is under consideration for specific interaction between Entrepreneur & Investors.

If you are a Start Up, or planning to become one, join IBG as a Member

(ask for details to girish@ibg.org.in)

If an investor, write to priya@ibg.org.in for the investor membership structure.

Let's march together into this exciting future.
